ELBERIA PEACHES

COPYRIGHT BY GREEN'S NURSERY CO. 1914

THIS IS OUR ONLY SALESMAN

In presenting this edition of our catalog we wish to extend thanks for past patronage and to assure our customers prompt and careful attention to all inquiries and orders they may favor us with.

THE CASH WITH ORDER WAY

Why Pay Agents' Commissions?

Why Pay Other People's Bad Debts?

You get trees so much cheaper from us because our way of dealing direct with the planter, and saving middlemen's expenses and commissions enables us to sell quality trees at almost half the price that the tree agents ask.

HOW TO ORDER.—Please make out your order on detachable order sheet in back of catalog. **Send payment with order.** Procure a Money Order at your post-office or express office, or a draft at the nearest bank, or send cash in a registered letter. **Mail all to us in the enclosed self addressed envelope.** Follow directions "HOW TO ORDER" on order sheet as closely as possible and make directions very plain as this will prevent any mistakes occurring. If directions are omitted we will forward according to our own judgment. Small orders will go cheaper by express, large orders by freight. **Always state sizes desired.**

ORDER EARLY, as our orders are shipped in the rotation they are received—**First come, first served.** We cannot delay orders received first for orders coming later requiring immediate attention. If for any special reason it is necessary that an order be shipped on a specified date make a note on the order and we will comply with the request if possible. Our regular shipping season opens in the Spring about March 15th and in the Fall about October 1st.

PACKING.—We do not charge for packing, boxing or delivering to freight or express companies at Rochester. We do not prepay any charges, unless goods are to be delivered to a prepaid station, as all our prices and quotations are **Free On Board cars at our nurseries.** If you have no agent at your station and shipment **has to be prepaid,** notify us and we will prepay and bill charges to you after shipment.

OUR TREES are **Clean, Healthy, Hardy, and Thrifty.** Finest grown. It is an established fact that in no other part of the country do fruit trees attain the perfection of those grown in Rochester and vicinity. Not one Nurseryman in a thousand buds or grafts his own trees as we do. Our trees are grown and cared for by men who have been in our employ from 25 to 30 years. They know how and do turn out the finest fruit trees possible. Our stock is all first class of the different sizes as specified. We do not handle any second class trees. **All poor trees or culls go into the brush heap.** There never has been any San Jose Scale found in or near our nurseries. Our trees are inspected by state authorities every year and an official certificate of their freedom from disease accompanies each shipment.

OUR GUARANTEE.—We exercise care to have our stock genuine and reliable, and hereby guarantee that if all, substantially all, or any part of stock delivered, ~~does not prove true~~ to name as ordered, we will replace it free of charge, or refund the money paid for it, that being the measure of damages for a breach of the contract.

OUR RESPONSIBILITY.—See any commercial agency, banker or postmaster at Rochester. Our trees are sold by pleased customers recommending us to their friends. We cannot afford to give unsatisfactory service to our patrons. **IF WE PLEASE YOU, TELL YOUR FRIENDS. IF NOT TELL US.**

RATES.—Less than ten of a variety always at single rates.

Over ten and less than 30 of the same variety at 10 rates. 10 rate will not be given on a lot of 10 or more composed of several varieties. The 10 must all be of the same variety.

Over 30 and less than 300 of the same variety at 100 rates. 100 rate will not be given on a lot of 30 or more composed of several varieties. The 30 must all be of the same variety.

Over 300 of the same variety at 1,000 rates. 1,000 rate will not be given on a lot of 300 or more composed of several varieties. The 300 must all be of the same variety.

Where no 1,000 rate is given the 100 rate always governs.

EXAMPLE.—In an order of 5 Baldwin, 8 Northern Spy, 9 Ben Davis, 10 Fameuse, 20 Early Harvest, 40 Fall Pippin Apples, 200 Cuthbert, 200 Kansas Raspberry, and 400 Eldorado Blackberry, the 400 Eldorado would go at 1,000 rates the 200 Cuthbert, the 200 Kansas and the 40 Fall Pippin would go at 100 rates, the 20 Early Harvest and 10 Fameuse would go at 10 rates and the 9 Ben Davis, 8 Northern Spy and 5 Baldwin would go at single rates.

COLLECTIONS.—We cannot make any changes in our collections, for they are selected and bundled before our busy shipping season and the valuable time saved by doing this makes it possible for us to offer these collections at such a reduced price.

NO SUBSTITUTION

In filling orders from this catalog we reserve the right, in case we are out of a variety, to substitute another of equal merit when it can be done (always labeling with correct name,) unless the party ordering says "No substituting," in which case we will fill the order so far as we can and return the balance. All heavy trees in large amounts should be sent by freight, as charges are so much less, and our perfect packing admits a long journey without injury to the trees. Always give full and explicit shipping directions, as our responsibility ends on delivery of trees in good condition to the freight or express office.

CHAS. A. GREEN, President and Founder

Chas. A. Green's List of Select Varieties

For the convenience of my patrons, the varieties that I think best for commercial orchard planting I have underlined and put in heavier print and I would urge those setting out commercial orchards to confine their selections to these varieties. The varieties in smaller type and not underlined are fine varieties every one of them and are excellent for garden planting.—C. A. Green.

Greening: (Rhode Island

Greening)—(WINTER). This apple has a recognized standing, both in domestic and foreign markets and sells readily for good prices. It is regarded as the very best cooking apple grown and also excellent for dessert use. Size large. Flesh yellowish, firm, fine grained, crisp, tender, juicy, sprightly subacid, very good. Skin grass-green to yellow, sometimes with brownish-red blush. Tree large, strong, vigorous, wide spreading. Ripens in December, keeps until April.

American

Blush. (WINTER). An excellent variety for commercial planting, ripening as it does between the

RHODE ISLAND GREENING

perishable early autumn varieties and the late ripening winter varieties, thus making it one of the most profitable of its season. Fruit large, firm, fine grained, tender, crisp, juicy, aromatic. Skin yellow blushed, mottled with red. Prevailing effect "attractive red mingled with more or less yellow." Tree large and vigorous. Ripens in October, keeps until January.

Stark. (WINTER).

This is an unusually hardy variety and is well liked for baking and evaporating. Fruit large, firm, tender, juicy, mild, subacid. Skin yellow mottled and striped with red. Tree large, vigorous and very hardy. Ripens in January, keeps until May or June.

BALDWIN—THE OLD RELIABLE

Baldwin. (WINTER). Without question, the leading commercial variety in New England, New York, Ontario, Ohio, Michigan and in many sections from Colorado to Washington. You are taking absolutely no chances when investing your money in this variety. Absolutely dependable. Fruit large, firm, moderately coarse, crisp, rather tender, very juicy, agreeably subacid. Skin

yellow or greenish, blushed, mottled and striped with bright red and deep carmine. Prevailing effect is bright red. Tree large, very vigorous, strong and hardy. Ripens in November, lasts until May.

APPLE IS "KING OF FRUITS"

The apple is rightly called the "King of Fruits." The many uses to which it can be put make it invaluable to the housewife, and the low cost at which it can be produced will make it a big factor in reducing the present high cost of living. If you will give this fruit an opportunity it will help solve this serious question for you. Only the men and women who have apple trees of their own know what a pleasure and how helpful it is to eat the fresh ripe fruit picked from their own trees.

Recently the United States courts decided that an apple tree in full bearing was worth at least \$50.00. We doubt if you could persuade any fruit growers to sell bearing trees for this price. If the tree is worth \$50.00 it must be capable of producing \$50.00 worth of fruit at least. This is pretty good returns on an investment of thirty or forty cents.

To those who are planting apples commercially we wish just to say a few words in regard to the present overproduction bugaboo that we all hear so much about. The question is often asked, "Will there be an overproduction when all the trees planted come into bearing?" In answer to this we simply wish to call your attention to the fact that fifteen years ago there were 200,000,000 bearing apple trees and at present there are only 150,000,000, which would indicate that the death rate of apple trees is greater than the number of young trees planted, and furthermore, we wish to call your attention to the rapid increase in population of this great country of ours. It is very, very doubtful indeed if the supply will ever equal the demand even should none of the old trees die and the planting of new orchards continue at the present rate; and still further, we want to call your attention to the fact that apples are no longer looked on as a luxury as they used to be fifteen or twenty years ago. They are now a necessity and their use in every home has increased one hundredfold. We have not supplied our own market yet to say nothing of the European markets, a great many of which are willing to pay almost any price for apples, because they have been unable to even scratch the surface of the demand and apples over there are almost unobtainable. It is indeed a bugaboo, and the fruit growers who are in touch with the situation are not letting it give them a moment's uneasiness.

Green's Improved Baldwin. (WINTER). Brighter and better in quality than ordinary Baldwin. Tree more vigorous grower. Discovered by C. A. Green.

Green's Apple Collection No. 1

- | | |
|---|---------------------------|
| 10 Splendid 6 to 7 ft. Apple Trees for \$1.75 | |
| 2 BALDWIN | 2 NORTHERN SPY |
| 1 AMERICAN BLUSH | 1 WALBRIDGE |
| 1 BANANA | 1 KING OF TOMPKINS COUNTY |
| 1 MCINTOSH | 1 DUCHESS OF OLDENBURG |

SPECIAL PRICE \$1.75 (Sold Elsewhere \$2.50)

DUCHESS OF OLDENBURG

Duchess of Oldenburg. (FALL). Very valuable because of its great hardiness. Fruit large, firm, crisp, tender, juicy, subacid. Skin pale yellow, striped with red. Tree medium size, vigorous and hardy. Ripens late in August and early in September.

Yellow Transparent. (SUMMER). One of the best extra early varieties. Excellent for both culinary use and dessert. Fruit large, crisp, tender, juicy, subacid. Skin yellowish-white. Tree medium size, vigorous and hardy. Ripens late July and August.

Pound Sweet (Pumpkin Sweet). (WINTER). By many it is considered the best sweet variety of its season, for baking, canning or stewing with quinces. Fruit very large, crisp, decidedly sweet with a peculiar flavor. Skin clear yellow marbled with greenish-yellow. Tree large, vigorous and hardy. Ripens in October, lasts until January.

***Red Astrachan.** (SUMMER). A reliable cropper that comes into bearing young. Fruit medium size, crisp, tender, juicy, subacid. Skin pale yellow striped with deep crimson, covered with a distinct bluish bloom. Tree medium size, vigorous and hardy. Ripens in July, lasts until September.

CAPITAL AND SURPLUS \$1,000,000

The Traders National Bank
Rochester, N. Y.

To whom it may concern:

November 19, 1907.

I take great pleasure in saying that I consider Green's Nursery Company entirely reliable, a house of many years' standing, and with undoubted business integrity and honesty. I believe any merchandise purchased from them will be found strictly according to contract and true to name.

We have known the officers for many years past and our business relations have been entirely satisfactory. The company has ample capital for the business done and we take pleasure in most heartily recommending them to anyone desiring to purchase trees, shrubbery or other nursery stock.

Very truly yours, HENRY C. BREWSTER, President.

Roxbury Russet. (WINTER). The most popular Russet apple. Fruit large, firm, moderately tender, juicy, sprightly, subacid, good. Skin almost smooth but usually covered with greenish to yellowish brown russet. Highly colored specimens develop a bronze blush. Tree medium to large, vigorous and hardy. Season December to May.

***Rome Beauty.** (WINTER). A very fine market variety for the northern and western states. Fruit very large, skin yellow, mottled with bright red; in highly colored specimens almost solid red on exposed cheek, striped with bright carmine. Flesh crisp, juicy, agreeable, mild, subacid. Ripens in November, lasts to April or May.

Transcendent Crab. (WINTER). This beautiful fruit has for many years been one of the most popular of the Crab Apples. Fruit medium to rather large, roundish to roundish oblong. Flesh yellow, crisp, juicy, subacid, very good for culinary use. Skin thin clear, bright yellow with bright red cheek overspread with bloom. Highly colored specimens are nearly covered with bright red. Tree is a good grower, hardy and usually very productive, yielding good to very heavy crops annually. Ripens in late August, lasts to middle of September.

Tolman Sweet. (WINTER). An attractive yellow sweet apple, much esteemed for culinary purposes, as pickling, boiling and baking. Fruit medium size, moderately juicy and decidedly sweet. Skin color pale yellow, sometimes blushed. Tree vigorous, long lived and hardy. Ripens in November, lasts to April.

King (Tompkins King). (WINTER). Its size and beautiful red color make it well adapted for marketing in fancy packages, and it usually sells at an advance over general varieties. Fruit very large, rather coarse, crisp, tender, juicy, subacid. Skin fine yellow, mottled and washed with orange red and lively bright red, striped and splashed with bright carmine. Tree vigorous and hardy. Ripens in Oct., lasts to Jan. or later.

TOMPKINS COUNTY KING

Winter Banana. (WINTER). A magnificent dessert apple, which on account of its attractive appearance and fine quality commands a readier sale and higher prices than most apples. Packed in boxes for the fancy trade it is in ready demand. The fruit is large and keeps all winter. Flesh whitish, tinged with pale yellow, firm, crisp, tender, subacid. Skin clear pale yellow with beautiful pinkish red blush. Tree vigorous and hardy. Ripens in December, lasts until April.

This apple sold last winter in Liverpool at \$4.50 per 40-lb. box when other standard apples sold at \$4.70 per 150-lb. bbl. This apple bears every year after two years planted.

APPLES

ARE SHORT OF PRODUCTION

There has been a great deal of talk in the past two or three years about the overproduction of apples, but an investigation conducted by several leading fruit magazines in the country brings to light the fact that apples are not being overproduced but underproduced and that it is questionable if the time ever comes when the supply is greater than the demand. Below you will find the opinions of two of the greatest orchard men in the country today, and we might say that all the orchardists who were interviewed on this subject held practically the same opinion.

Dr. J. H. Funk, of Berks County, Pennsylvania, writing for "The Practical Farmer," of January 11, 1913, says: "Never in the history of our country has there been so much interest manifested as to the future outlook of the Apple industry. The query comes from every side, 'Will there be an overproduction when all the trees planted come into bearing?' Let us take a survey of the ground. Fifteen years ago the United States had 200,000,000 bearing trees (Apple). Since the rapid spread of the San Jose scale and other insects and fungus diseases, this number has been reduced to about 150,000,000, and continues on the decrease, notwithstanding the large orchards being planted in different states. Why is this? Because for every tree planted by the specialist there are two or more trees that die for the farmer. Put good fruit at reasonable prices, and the consumption of fruit would be tripled, and, instead of hearing the cry of overproduction, there would be a demand far beyond what can be produced in the near future."

J. A. Cohill, Manager of Tonoloway Orchard Company, Hancock, Md., is a man who looks at the business from a thoroughly practical point, and his opinion is given in the "Pennsylvania Farmer," of April 26, 1913: "Were we to sell our eight hundred acres of Apple trees today, tomorrow would likely find us planting more Apple trees on our other farms. Have the numerous agricultural publications been misleading investors upon the profits in Apple culture? I don't think so. I believe they have conscientiously warned investors that capital, time and patience, as well as economy of labor and thorough business methods are necessary for success in fruit-growing.

"The Apple crop will increase in the future, that we may consider almost a certainty; but isn't the population of the country also increasing in leaps and bounds? By teaching the public through systematic advertising the value of Apples as a commodity, the two hundred different ways of preparing them, and by giving them the quality, the consumption will increase rapidly."

WINTER BANANA

Jonathan. WINTER.

This is a decidedly attractive apple, being predominantly of a bright red color. Great apple of the west and northwestern states. Succeeds everywhere.

Fruit firm, tender and very crisp, very juicy, mild subacid, of good quality. Skin smooth and glossy, whitish yellow overspread with bright red and splashed with deep carmine. Tree vigorous. Ripens in November, lasts until April.

JONATHAN

York Imperial (Johnson's Fine Winter)—

(WINTER). This is one of the leading commercial varieties of the Middle Atlantic States. Very valuable on account of its unusually attractive appearance and fine keeping qualities. Fruit large, firm, crisp, moderately juicy, mild subacid or nearly sweet. Skin green or yellow, covered with light red and striped with carmine. Tree vigorous and hardy. Ripens in January, lasts until April or May.

YORK IMPERIAL

***Winesap.** (WINTER). A well known popular dark red variety of medium size, firm, crisp, juicy, subacid. Ripens in January, lasts to June.

Northern Spy. (WINTER). This variety ranks next to Baldwin and R. I. Greening in importance. It is a fine apple for culinary use and its exceptionally fine flavor makes it invaluable as a dessert apple. Fruit very large, rather firm, very tender, crisp, very juicy, subacid. Skin pale yellow, nearly concealed with bright pinkish red and mottled with carmine. Tree large vigorous and hardy. Season November to April.

Ben Davis. (WINTER). It is unquestionably the leading commercial sort and the most popular apple grown south of the Baldwin region. Fruit above medium to large. Form roundish. Flesh whitish, slightly tinged with yellow, firm, somewhat aromatic, juicy, mildly subacid, good. Skin tough, bright, smooth and glossy, clear, yellow, mottled and washed with bright red, striped and splashed with bright red carmine. Prevailing effect, red striped. Tree medium size, forming strong wood which seldom breaks under heavy crops. Ripens in January, lasts until June.

Maiden's Blush. (FALL). A very beautiful apple, valued especially for market and culinary uses. It makes very white evaporated stock. Fruit large, moderately crisp, tender, very juicy, subacid. Skin pale waxen yellow with crimson blush. Tree medium size, vigorous and hardy. Ripens in September, lasts to November or December.

Northwestern Greening. (WINTER). A very hardy variety. Desirable for localities too severe for Rhode Island Greening. Fruit large, crisp, firm, juicy, mild subacid. Skin clear pale yellow or greensh, sometime-

faintly blushed. Tree vigorous and very hardy. Ripens in January, lasts to April.

NORTHERN SPY

MCINTOSH RED

***McIntosh Red.** (WINTER). One of the best dessert apples. The flesh is very tender, perfumed and delicious. Fruit large, firm, fine, crisp, tender, very juicy, perfumed, slightly subacid. Skin whitish yellow almost completely covered with bright red and carmine. Tree vigorous and hardy. Ripens in October to December or later.

***Black Ben Davis.** (WINTER). This a variety of the Ben Davis Type, above medium to large; dark purplish red, juicy, mild subacid. Ripens in January, lasts to May.

***Stayman's Winesap.** WINTER. (Originated from a seed of the Winesap). Medium to large; yellow covered with red, fine grained, tender, juicy, subacid. Ripens in December, lasts to May.

***Fameuse.** (FALL). The most desirable dessert apple of its season. Bright red, deepening to almost purplish black in highly colored specimens. Ripens in October, lasts to midwinter.

Wagener. (WINTER). This variety is desirable for culinary use, but is equally good for dessert. Its dwarfish habit and early bearing qualities recommend it as a filler. Fruit large, firm, crisp, tender, very

juicy, subacid. Skin bright pinkish red, striped with carmine. Tree large, vigorous and hardy. Ripens in October or November, lasts to February or later.

***Grimes Golden.** (WINTER). Attractive in form and excellent either for dessert or culinary use. Fruit large, firm, tender, crisp, juicy, rich, aromatic, subacid. Skin clear deep yellow with scattering pale yellow or russet dots. Tree vigorous. Ripens in November, lasts to February.

***Gravenstein.** (FALL). Orange yellow with stripes of light and dark red; tender, juicy, aromatic, subacid. Good size and attractive appearance. Ripens late in September, lasts to early November.

Bismarck. (WINTER). A very desirable apple for kitchen and market purposes. Yellow overspread with dull pinkish red. Tree dwarfish, hardy. Ripens in October, lasts to early winter.

***Delicious Red.** (WINTER.) This is a medium to large sized apple, roundish in shape, skin yellow almost covered with dark brilliant red. The tree is a strong, upright grower, very hardy and a heavy bearer. Fruit hangs well, keeps well, bruises dry up instead of rotting.

1 KING

SPECIAL PRICE \$1.50 Sold Elsewhere \$2.50

WAGENER

ALEXANDER

Fanny. (FALL). A very good dessert apple, resembling the Fameuse. Skin clear yellow mostly overlaid with bright red, indistinctly striped with carmine. Season September to November or later.

Gano. (WINTER). Variety of the Ben Davis type, medium to large; yellow mottled and blushed with red, firm, tender, subacid. December to May.

Sutton Beauty. (WINTER). Attractive bright red, fine, tender, juicy, mild subacid; medium to large. November to March.

***Wismer's Dessert.** (WINTER). Of Canadian origin. Skin yellow shaded and striped with bright red.

WOLF RIVER

Alexander. (FALL). An excellent apple for culinary use. Fruit large, firm, crisp, tender, juicy, mild subacid. Skin smooth, glossy, pale yellow to "orange yellow" entirely overspread with lively red stripes. Tree large, vigorous and hardy. Ripens in September, lasts until November.

Wolf River. (WINTER). Fruit large, firm, tender, juicy, subacid. Skin pale bright yellow, mottled and blushed with bright deep red with conspicuous splashes and broad stripes of bright carmine. Tree large, vigorous and hardy. Ripens in September, lasts until December.

PEWAUKEE

Pewaukee. (WINTER). An unusually hardy and productive red variety. Very desirable for extreme northern locations where most other varieties fail. Fruit medium to large; skin bright yellow, striped and splashed with dark red, flesh white, tender, juicy, subacid. Tree is healthy and long lived, comes into bearing early and is a reliable cropper, often yielding heavy crops of fruit annually. Ripens in November and lasts until April. We recommend it especially for Iowa, Minnesota, Maine and Vermont.

TWENTY OUNCE

Sweet Bough. (SUMMER). This is a universal favorite for the "home orchard." Fruit large, moderately firm, crisp, tender, juicy, sweet. Skin smooth, pale greenish yellow, sometimes blushed. Tree vigorous, long lived. Season August to early September.

***Carolina Red June.** (SUMMER). A attractive little apple, deep red over yellow, tender, brisk, subacid. Late July to early winter.

***Spitzenburg.** (WINTER). A well known variety of the Baldwin class; handsome red. Medium to large. Crisp, juicy, tender, subacid. November to February.

***Shiawassee Beauty.** (FALL). A very fine quality dessert apple. The fruit is large and the skin is a very bright and attractive red. It ripens in October and keeps until January.

Arkansas Black. (WINTER). A beautiful deep red apple of fine quality, ripening in December. Will keep until April or later.

WALBRIDGE

Walbridge. (WINTER). A very attractive bright red variety, that is especially desirable for northern sections as it is very hardy and vigorous. The skin is clear pale yellow washed with red, mottled and striped with bright carmine. The general effect is striped red. Fruit medium size, firm, crisp, tender, juicy, mild subacid, slightly aromatic. A very fine variety for culinary use. Ripens in November and lasts until May.

Twenty Ounce. (FALL). It is highly esteemed for home use. Fruit very large, coarse, tender, juicy, subacid. Skin becoming rather yellow, mottled and splashed with bright red on dark red with carmine stripes. Tree vigorous. Season late September to early winter.

Blenheim Orange. (WINTER). An excellent variety both for dessert and culinary uses. Fruit very large, firm, moderately juicy, crisp, mild subacid. Skin deep yellow overspread with bright yellow. Tree large, vigorous and hardy. Season October to midwinter.

BLENHEIM ORANGE

WEALTHY—A VERY GOOD PRODUCER

Wealthy. (WINTER). This variety is particularly valuable for cold climates because the tree is very hardy and the fruit sells well, and is good in quality for either dessert or culinary uses. It is gaining in popularity each year on account of its beauty and quality. Fruit large, fine, crisp, tender, very juicy, agreeably subacid. Skin pale yellow, blushed and marked with narrow stripes and splashes of red, deepening to brilliant red. Prevailing effect "bright red." Tree medium, upright, spreading, thrifty grower. Ripens in October lasts to January.

Hubbardston Nonesuch. (WINTER). Large, striped yellow and red; flesh yellow, juicy and tender, with an agreeable flavor of acidity and sweetness; of the finest quality and very valuable; bears regularly. Ripens in November, keeps until January.

Hyslop Crab. (SUMMER). Fruit large, very brilliantly colored, borne in clusters. Fruit yellow, sometimes with tinge of red next the skin, very firm, subacid. Skin clear pale yellow almost completely overspread with lively dark red, shading to deep carmine, covered with thick blue bloom. Tree vigorous, hardy and a reliable cropper. Ripens in late September and October.

ONE YEAR OLD APPLES BY PARCEL POST

We grow a special grade of small, strong one year old apple trees of the following varieties only, which can be sent by parcel post, postage prepaid, for 12 cents each, \$1.00 per 10.

List of One Year Old Apple Trees

American Blush	King	R. I. Greening
Green's Baldwin	Northern Spy	Winter Banana
Jonathan	Pound Sweet	

NOTE.—We can supply only these 8 varieties in one year old apple trees.

DWARF APPLES

Dwarf apples commence bearing fruit the second year after planting and as they do not attain as large a size as standard trees, they are especially desirable for village or city gardens. The big advantage of these dwarf trees is that they do not attain a size any greater than peach, plum, etc., and this makes them very desirable for gardens in the city where space is limited. Heretofore city people have been obliged to buy all their apples, because the size of their garden plot would not enable them to plant standard trees on account of the amount of space these standard trees required. These dwarf trees bear when very young and bear very abundantly. There is no question as to the desirability of being able to go out into your own fruit garden and pick fruit from trees of your own growing and eat it when in the freshest condition. These dwarf trees open up a new avenue to the people who have gardens of a limited size.

Elberta. (Freestone)—Ripens here early in September, following closely upon Early Crawford. A beautiful, extra large golden yellow peach, with a brilliant red cheek, firm, juicy, high flavored, rich and sweet. This is the best commercial variety, of which more have been planted and from which more money has been made than any other variety. For years it has been the standard market variety and its place in the estimation of commercial growers would be hard to fill with any other variety, for no other peach has yet been introduced that will fill all the requirements of a commercial peach with such success as the Elberta. The trees are vigorous, sturdy and hardy, and will thrive well anywhere peaches can be grown.

Carman. (Freestone)—Ripens here in August. Large, oblong, pale yellow with deep blush; skin very tough, tender, juicy and fine flavor; very hardy, and a heavy cropper. One of our patrons writes, "This year I received \$1 net per four-basket crate, some of my trees paying \$4 to \$5, second year of bearing. At picking time Carman has never failed to pay more than any other variety we have, bar none. We do not think anyone can go far wrong in planting Carman."

A GOOD REPUTATION

This is what Chas. A. Green has been working for the past thirty years. When he started this business he found difficulty in selling his trees but as soon as people found that his trees were TRUE TO NAME he could hardly grow enough to supply the demand. "We have heard from our friends that you are fair and reliable and we want your trees because they prove TRUE TO NAME."

CARMAN—A coming favorite

HILLS CHILI

Hills Chili. (Freestone)—Ripens the first of September. A medium sized, oblong shaped yellow peach. Skin yellow, shaded with dark red; flesh yellow, very rich, juicy and sweet. A good variety for the home garden.

Mountain Rose. Large, red, white flesh, juicy and excellent. August. Freestone.

Early Rivers. Large, creamy white, with pink cheek, juicy and melting. August. Clingstone.

Beer's Smock. Fruit medium to large; light orange-yellow, red cheek; rich and juicy. Freestone.

Golden Drop. Large, good quality, hardy, profitable market sort. Follows Crawford's Late. Freestone.

Kalamazoo. (Freestone)—Ripens the last of August or first of September. Large, golden yellow. A good variety for the home orchard.

Yellow St. John.—Large, yellow, with deep red cheek, flesh yellow, sweet, juicy, very good, bears quite young. Ripens before Early Crawford. Freestone.

NIAGARA PEACH

KREAMER, Pa., Sept. 17, 1913.

Mr. C. A. Green:

Last spring, 1913, I bought of your nursery different varieties of peach trees. Although we have had dry weather ever since June, I have only lost two per cent., and am more than pleased with them. Will send for more for spring planting.

W. J. HEINTZELMAN.

Green's Peach Collection No. 1

10 Splendid 4 to 6 ft. Trees for \$1.25

5 ELBERTA

2 CRAWFORD'S EARLY

1 NIAGARA

1 CRAWFORD'S LATE

1 CHAMPION

SPECIAL PRICE \$1.25 (Sold Elsewhere \$2.00)

Niagara. (Freestone)—Ripens here September 1st. A new yellow flesh variety of unusually large size and attractive appearance. Fruit a beautiful golden yellow blushed with brilliant red. Resembles the Elberta very much, but is larger in size. It has been thoroughly tested by extensive orchard planting near Rochester, N. Y. and found to be an unusually fine commercial variety. The quality and flavor of this peach is exceptional. The trees are good, strong, vigorous growers and very hardy. The foliage is very tough, being almost the character of leather, and for this reason the Niagara is almost immune to fungus diseases of any kind. It is free from yellows and leaf curl and is a good bearer. Prof. Van Deman says: "I have heard the Niagara peach spoken of in the highest terms. Those who have fruited it are enthusiastic over Niagara peach. I have seen and eaten Niagara. It is of large size, beautiful, and better in quality than Elberta."

CRAWFORD'S LATE

Crawford's Late. (Freestone)—Ripens here the last of September. One of the best late sorts. Superb in size and shape; splendid yellow with dark red cheeks; flesh deep yellow, juicy and melting, rich, winy flavor. Tree vigorous, hardy, and productive. Does not overbear, no thinning of fruit is necessary with this variety. It always brings the highest prices because it ripens at a time when the early peaches are over. It is eagerly sought by canners. It always reaches the market in good condition as it is an unusually fine keeper and shipper.

Brackett. (Freestone)—Nectarine flavored peach, ripening after Elberta. The new peach, is named after Col. G. B. Brackett, Chief of the United States Bureau of Plant Industry. I have written Col. Brackett, U. S. Pomologist, asking for a description of this new peach. The information he sends me as abbreviated is as follows:

Form, roundish. Size, above medium, 3 inches in length, 2½ inches cross section. Color yellow with blush, marbled and brokenly striped with crimson. Skin, medium thick, tender. The color of flesh is yellow, stained red at stone. The texture is tender, melting, juicy. It is a freestone. Flavor, subacid. Quality, good to very good. It is apparently a meritorious variety that ought to make a good showing on the market. Its form, size and color are attractive.

The above description is somewhat technical and different from that used in ordinary catalog descriptions. The peach is about the shape and size of Elberta. This makes it a very large peach. The pit is rather small, making the Berkman's peach a fat peach with but little waste. I was among the first to learn the value of the Elberta peach and to introduce it widely to the public. It has been my pleasure and good fortune to be the introducer of many valuable new fruits. I am greatly pleased with the thought that I have become interested in this new yellow, red cheeked peach of large size and fine quality. I believe it will be appreciated not only by those who love a fine peach growing upon their own grounds, but those desiring a market peach.

Chas. A. Green.

Price of Brackett Peach Trees. Extra size, \$1.00 each; Medium size, 75 cents each; Small size, 50 cents each.

PARCEL POST—Small Size Trees, not taller than 3 feet, of this variety, can be sent by parcel post, postage prepaid, for 50 cents each.

ELEVEN REASONS

Why You Should Buy Green's Trees

- Green's Trees are hardy, north-grown and full of life.
- Green's Trees are Quality Trees, straight, smooth, well-formed and true to name.
- Green's Trees will thrive and produce fine fruit in every section of the United States.
- Green's Trees are triple inspected—only the good trees go to you—read our guarantee.
- Green's Trees are well packed in paper lined boxes, which must be used to keep roots from drying in warm weather and from freezing in cold weather.
- Green's Trees have perfect root systems due to whole root grafting and budding much cultivating and proper digging.
- Green's Trees are only of the Standard Varieties for home use and orchard planting.
- Green's Trees are grown on the land best suited to their needs. For this reason we have three nurseries, each having different kinds of soil.
- Green was the first nurseryman to sell quality trees by catalog only (no tree agents or canvassers.) He knows how to grow and sell you quality trees and save you money.
- Green saves you agents' profits and expenses, or nearly half your money, by buying direct from his nursery.
- Green has a national reputation for fair dealing.

Crosby. A fine, handsome yellow peach with remarkably small pit, that bears regular crops north of the peach belt. Quality delicious. Season follows quickly after Early Crawford. Freestone.

Fitzgerald. Ripens between Early and Late Crawford. Flesh rich, deep golden yellow. The tree commences bearing young, is productive, and in Canada and Michigan has proved one of the hardiest. Freestone.

Old Mixon Free. Large, yellowish-white, with deep red cheek, tender and juicy, very hardy and productive. Middle September.

BRACKETT, THE NEW NECTARINE FLAVORED PEACH

State of New York
DEPARTMENT OF AGRICULTURE

Certificate of Inspection of Nursery Stock

This is to Certify that the Stock in the nursery of Green's Nursery Co. of Rochester, County of Monroe, State of New York, was duly examined in compliance with the provisions of Section 305 of the Agricultural Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose Scale or other dangerously injurious insect pest or pests. This certificate expires September 1, 1914.

CALVIN J. HUSON,
Commissioner of Agriculture.

CHAMPION

Champion. (Freestone)—Ripens about August 10th. An excellent, showy white peach. Fruit large, creamy-white with beautiful red cheek. Sweet, tender, juicy, of very high quality and a good shipper. Trees are hardy and productive.

Chairs Choice. (Freestone)—Ripens about September 10th. Extra large, deep yellow with red cheek, flesh firm, sweetest and richest grapy flavor, a most satisfactory and good all round variety. Trees make strong sturdy growth, and bear big crops.

CHAIRS CHOICE

WE GROW OUR OWN TREES
ON OUR OWN FARMS

We have received letters from our patrons and prospective patrons, stating that they had been advised by tree agents and others of our competitors that we did not grow any of our trees but bought them of other nurseries. In contradiction of this statement, we want to say, that with the exception of a few varieties, we grow everything we sell, and it is grown on our own farms.

We have three farms southwest of this city. The first one contains 134 acres. The next, contains 70 acres, and the third, contains 100 acres. A short distance west of Rochester, we have four separate small farms totaling in all 50 acres.

We do not grow everything on one farm, because different kinds of trees require different soil. For instance, a peach tree grows best on a light soil and a pear tree on a heavy soil, and we grow only that class of tree on each soil that is best adapted to that particular soil.

On these farms we have houses for 20 families, and the nearest village to one of our farms is made up almost entirely of our employes. We have extensive buildings for storage and other purposes, which we are constantly enlarging to meet our requirements.

So if anybody tries to persuade you that we do not grow our own trees, we would like to have you invite them to visit us, and we will prove to them that we do grow our own trees.

CRAWFORD'S EARLY

Crawford's Early. (Freestone). Last of August or beginning of September. A magnificent large yellow peach of excellent quality. In our estimation the best flavored and best variety for the home garden. Not as good a shipper as Elberta, but better flavored. Most people, when they buy peaches, ask for Crawford's as they know little about any other varieties. The trees are vigorous and productive.

NO ORDER IS TOO SMALL
FOR OUR ATTENTION

We are just as anxious to serve the patron who orders \$5 or \$10 worth of trees as we are the large fruit grower who orders a thousand dollars' worth.

BARTLETT PEAR

Bartlett. Standard and Dwarf—It is the most popular pear, both for home use and market, that the world has ever known. It is buttery and melting, with a rich flavor. The tree is vigorous in growth. Many people remove half of the fruit in August, ripening this for market, thus relieving the tree of its strain and securing larger fruit from that which remains on the tree. Season September.

Clapp's Favorite. Standard and Dwarf—A profitable early variety; a prolific and early bearer. This is without doubt the most productive pear in cultivation. Brings big money at Green's Fruit Farm. Season August, earlier than Bartlett.

Kieffer. Standard and Dwarf—The Kieffer has many admirers on account of its great productiveness each year, splendid growth and selling well in market. For the home market it will be a favorite for canning. Season October and November.

Anjou. (Beurre d'Anjou)—Standard and Dwarf—A large, handsome pear, buttery and melting, with sprightly vinous flavor; keeps into mid-winter. Tree a vigorous grower and a good bearer. Many claim that this is the greatest of late autumn pears. It keeps until January with special care. It is beautiful in shape and color. Season October and November.

Wilder Early. Standard and Dwarf—Pleases all because beautiful, red and yellow. It is a good grower and produces a crop early. Season early August.

Sheldon. Standard Only—A better autumn pear does not exist. First quality; large, round, russet and red, melting, rich and delicious. As a standard should be more largely planted. Season October and November.

Worden-Seckel. Standard and Dwarf—This beautiful and delicious pear attracted wide attention when introduced recently. In quality it is rated very high. In size it is

much larger than Seckel. It is shaped like Bartlett but is not so large as Bartlett. Season October.

Flemish Beauty. Standard and Dwarf—A large beautiful, melting, sweet pear. Tree very hardy, vigorous and fruitful. Flesh is tender, juicy and highly flavored. Season September and October.

Seckel. Standard and Dwarf—Small size, yellowish-russet with a red cheek. Flesh whitish, buttery very juicy and melting with a peculiarly rich, spicy flavor and aroma. September and October.

SECKEL PEAR—VERY PROLIFIC

DUCHESS DWARF PEAR TREE

Duchess Pear. (Duchess d'Angouleme) — Standard and Dwarf—The Duchess dwarf pear trees give uniformly large crops of pears of marvelous size and good quality. What the Bartlett pear is as a standard, the Duchess pear is as a dwarf. The fruit is prized as a dessert fruit or for cooking. Season, October and November.

Gans Early—Dwarf—a fine new early pear, ripening just after Tyson and a week to ten days before Bartlett. It is large and handsome, pyriform in shape, color yellow, with slightly brownish cheek. Flesh fine grained, melting, very juicy, sweet, sugary, quality very good. It shows no tendency to rot at the core. Tree a vigorous grower. Season September.

Lawrence. Late Winter Pear—Standard and Dwarf—Size medium to large, obovate, golden yellow, flesh melting, with a pleasant aromatic flavor. Tree a moderate grower and abundant bearer. Season Midwinter.

WOULD NOT TAKE \$1000 FOR HIS DWARF PEAR HEDGE

SANTA FE, New Mexico, Oct. 20, 1913.

Dear Mr. Green:

I accepted your advice twelve years ago and planted a hedge of dwarf pear trees around my garden. They have lived and have been bearing fruit abundantly every year. I would not take \$1,000 for these 120 dwarf pear trees, planted on either side for sunshine and ventilation.

CHAS. A. SIRENGO.

THE DWARF PEAR HEDGE

PLENTY OF FRUIT—SMALL
COST—TAKES UP LITTLE
ROOM

Our C. A. Green has discovered the dwarf pear hedge. He found it by noticing that dwarf pear trees in the nursery row, standing three feet apart, bore beautiful specimens of pears bountifully for many years. Mr. Green planted twelve years ago a row of dwarf pear trees, each three feet apart, running across the center of his vegetable garden. These little pear trees have thrived amazingly and have borne bountiful crops each year, and in blossom and fruit have attracted wide attention. For such a hedge C. A. Green advises the following varieties of dwarf pears:

Duchess	Seckel
Clapp's Favorite	Anjou
Bartlett	Gans.

Lombard Plum Lombard is a great favorite. The tree adapts itself to any locality it is extremely hardy, producing good crops where many other varieties will not grow; it is a strong growing tree and exceedingly productive. It is a handsome reddish plum, flesh yellow, juicy and pleasant. An excellent variety, and should be planted in all gardens and orchards.

Guefi. (Blue Magnum Bonum) This is one of the newer varieties originating in New York State. Season of ripening rather late. The color is dark purple. The flesh is firm, sub-acid and agreeable. Size large. It would be difficult to select a larger or more attractive plum for the garden or orchard than this. September.

Wickson. (Japan) Fruit remarkably handsome, very large, long, heart shaped, color deep maroon red, covered with white bloom; flesh firm and meaty, yellow, rich and aromatic; cling, pit small. Tree an upright vigorous grower. Excellent keeper and shipper, is being planted largely for market. Early September.

Reine Claude. (Bavay's Green Gage) Very large, greenish, fine flavor. Not surpassed in quality, beauty or size. September.

Burbank. Unsurpassed for beauty and productiveness, as well as great hardiness of tree. Fruit large, oval, often with a slight neck; skin reddish purple; flesh yellow, juicy and good. Its beauty and value as a market variety is unsurpassed. Several years' trial has proved it to be hardy in almost the entire United States. They bear abundantly at an early age. The fruit is exceedingly beautiful, of fair quality, and is especially desirable for canning. The Japan plums do not rot so easily at Green's fruit farm as the other varieties. It ripens in midseason.

Shropshire Damson. This variety is a universal favorite because it is enormously productive. The fruit is of good size and while in no sense a dessert plum may be eaten out of the hand with relish when fully ripe or after a light frost. The trees are very vigorous, hardy and healthy. This old variety is one of the best of its kind for culinary purposes, and we highly recommend it for both home and market. Season of ripening late and long.

Bradshaw. A very large and fine early plum, dark violet red, juicy and good. Trees erect, very hardy, and vigorous; very productive; valuable for market. The quality is excellent, and it is destined to become one of the most popular of all plums for canning, while its attractive color, good quality and shipping properties will cause it to be sought for as a market variety. It ripens ten days to two weeks later than Abundance.

GREEN'S NURSERY CO.,

Rochester, N. Y.

About 15 years ago I purchased from your nursery 500 apple trees which I am pleased to say have all lived and were true to name, and this year the apples were sold on the trees for practically a thousand dollars.

R. W. PILLSBURY,
Manchester, N. H.

Nov. 26, 1913.

BURBANK

York State. It is one of the largest, best in quality and most productive of all prunes or plums. Size large; color dark blue, covered with purple blush; flesh yellow and delicious; freestone, ripening the last week in September, at Rochester, N. Y. York State Prune is a vigorous grower, and is healthy and hardy here at Rochester. It is prune shaped, good size and a splendid seller.

German Prune. Medium, oval, purple or blue, juicy, rich, fine. Tree vigorous and very productive; one of the best. September. Sells for higher prices in market on account of high quality. A leading favorite.

Red June. A vigorous, hardy, upright spreading tree, as productive as Abundance; fruit medium to large, deep vermilion-red, with handsome bloom, very showy; flesh light lemon-yellow, slightly sub-acid, of good and pleasant quality; half cling; pit small. Of immense value for its very early ripening. It is best in quality of any of the early Japanese varieties and is exceptionally free from rot.

Shipper's Pride. Large, dark purple, very showy, often measuring two inches in diameter; fine, juicy and sweet. A beautiful and valuable variety. September.

Niagara. This is a very early plum, and valuable for this reason. It is red, large size, making an attractive appearance in market, and possesses good shipping qualities. It bears enormous crops of fruit with great regularity.

Abundance. Fruit large, showy, beautiful. Amber, turning to a rich, bright cherry color, with a decided

YORK STATE PRUNE

The large white object in the tray is an egg. This shows the unusually large size of this variety of prune.

white bloom, and highly perfumed. Flesh light yellow, exceedingly juicy and tender, of a delicious sweetness, impossible to describe. Stone small and parts readily from flesh. For canning it is of greatest excellence. Its season is very early, ripening in advance of other plums, thus adding to its special value.

The editor of the *Rural New Yorker* writes: "From one little Abundance tree, we picked ten pecks of fruit. The quality is excellent. When fully ripe, they are full of juice. The flesh is tender, and there is mingled with the plum a peach flavor that is refreshing and agreeable."

RED ACID OR SOUR VARIETIES.

Montmorency. "King" of all cherries. It is hardy, reliable and productive. In great demand by canning factories. More money has been made with it than with any other variety. Large, bright shining red, acid, midseason. June.

Early Richmond. This fruit does not rot upon the trees and can be left without picking longer than most varieties. Unsurpassed for hardness and cooking purposes, a great bearer. June.

Dyehouse. Unquestionably the earliest cherry. For tarts, pies, and canning, it has no superior. June.

English Morello. One of the few varieties that seems to succeed well with neglect. Fruit dark red, quality good, rich acid flavor, late.

Meech's Prolific. Pale, bright orange, with a thin fuzz, fruit large and in shape ranges from nearly apple shape to short pear shape somewhat furrowed at the top. Very fragrant, good flavor. Bears young. Midseason.

Champion. Fruit very large, fair and handsome, surpassing other varieties in this respect; bears abundantly while young; flesh cooks as tender as an apple and without hard spots or cores; flavor delicate, imparting an exquisite quince taste and odor to any fruit with which it is cooked, and most excellent for making preserves, jellies, marmalades, etc. The trees are vigorous growers and bear heavy crops of superior fruit. Season late.

Green's Nursery Co.—

The nursery stock I ordered of you arrived today, excellently packed, in good healthy condition, and as clean, smooth, thrifty and fine a lot as I ever bought. I have learned in the past two years dealings with your nursery that Green's Quality means the best that can be bought. You get my trade from now on, and I will recommend your stock to all my friends. Many thanks for the premium you included with my order and the fair and honest consideration you have accorded my patronage.

ROBERT L. McCALLISTER.

CRESTLINE, Ohio, May 12, 1913.

Orange Quince. Sometimes called Apple Quince; Large, roundish, bright golden yellow cooks tender and is of very excellent flavor. Valuable for preserves or flavoring, very productive, the most popular and extensively cultivated of the old varieties. The surface only moderately fuzzy. Good for home use and for market. It is so late in blossoming that there is no danger from frost. Season, September and October.

3 ORANGE 2 CHAMPION
1 MEECH'S PROLIFIC

SPECIAL PRICE \$1.60 (Sold Elsewhere \$2.50)

Dec. 1, 1913.

C. A. GREEN:

The 300 pear trees that I had of you last spring arrived in fine condition after their long journey. Set them out and pruned them back to three and four branches and cut the branches back to form buds. Every tree lived and some of them have grown three feet. The 500 currants all lived but three, and have made a growth of about 30 inches. Ten of the Sweetheart Strawberries lived and I shall have quite a lot of new plants from them.

Thanking you again for the good stock you sent me,

C. E. LUDEN,
Adelita, Wash.

CHAMPION—WELL LOADED

NUT TREES

American Sweet Chestnut. By far the most popular variety of chestnut. Price 3 to 4 feet, 30c. each, \$2.50 per 10.

Black Walnut. The common, well-known Black Walnut, the wood of which is most beautiful and valuable. Price 5 to 6 feet, 50c. each, 4 to 5 feet, 35c. each.

Butternut. A fine native tree producing a large longish nut which is prized for its sweet, oily, nutritious kernel. Price 4 to 5 feet, 35c. each, \$3.00 per 10.

Hazelnut. (Filbert)—This is the sort usually sold in the fruit stores. Price 25c. each, \$2.00 per 10.

Pecans. This nut is very productive and delicious. Price 1 to 2 feet, 25c. each.

Japan Walnut. (Sieboldi) —Perfectly hardy, rapid grower, handsome form, immense leaves. Bears young and abundantly. Price 4 to 5 feet, 50c. each.

PARCEL POST—We will send strong trees of the above varieties of nuts by parcel post, postage prepaid, for 25 cents each, \$2.25 per 10.

GREEN'S HARDY ENGLISH WALNUT

Green's Hardy English Walnut. This is an exceptionally hardy strain of the English or Persian Walnut, grown from nuts secured in a grove of walnut trees, near Rochester, N. Y. Trees grown in this cold northern climate, and are perfectly hardy. Price 3 to 4 feet, \$1.00 each, 2 to 3 feet, 50c. each. Small trees by mail, post paid, 75c. each.

Green's Nursery Co.,

Dec. 27, 1913.

We have bought our fruit trees and berry bushes from you for over 20 years. Everything we ever bought from you has been bearing first class fruit ever since. We never had one of your trees die.

Walter D. Faulk, Bellevue, Pa.

GOOSEBERRY BUSHES

Downing Gooseberry. It is the largest and best of all varieties. Its value lies in its large size, fine quality, beautiful appearance, vigorous growth, and freedom from mildew. It is recommended as proof against mildew. Free from spines, of a transparent color, tending to yellow; bush upright, keeping the fruit from the sand. Enormously productive and unsurpassed for canning. It is easily harvested by stripping the branches with a gloved hand, enabling the picker to gather many bushels in a day. The winnowing of leaves is done by an ordinary fanning mill, the same as beans. They can be shipped from Maine to California like marbles.—C. A. Green. Price 2-year-old bushes, first-class, 12c. each, \$1.00 per 10, \$8.00 per 100. 1-year, strong, well-rooted, 10c. each, 80c. per 10, \$6.00 per 100.

Red Jacket. An American seedling of large size, smooth, prolific and hardy, of best quality. So far the most free from mildew, both in leaf and fruit, of them all. A wonderful cropper. Price, 2-year, 15c. each, \$1.20 per 10, \$10.00 per 100.

Chautauqua Gooseberry. Very large, one of the best. Superior quality and very productive. Price 20c. each, \$1.75 per 10.

Industry. Large red. Price 20c. each, \$1.75 per 10.

PARCEL POST—Gooseberry bushes can be sent by parcel post, postage prepaid, for 2 cents per bush extra.

DOWNING GOOSEBERRY—THE LARGEST AND BEST

GRAPE VINES

Niagara. (White).—Bunch very large and handsome, often shouldered, compact; berries large, round; skin thin, tough, does not crack and carries well; has not much pulp when fully ripe, melting sweet. Prices of 2-year old vines, 10c. each, 80c. per 10, \$5.00 per 100, \$35.00 per 1000.

Concord. (Black).—Bunch large, shouldered, compact, berries large, covered with a rich bloom; skin tender, but sufficiently firm to carry well to distant markets; flesh juicy, sweet pulp, tender; vine a strong grower, very hardy, healthy, and productive. Prices of 2-year old vines, 10c. each, 80c. per 10, \$5.00 per 100, \$35.00 per 1000.

Moore's Early.—Clusters of medium size; berries large, black. Prices, 2 years, 15c. each, \$1.25 per 10, \$7.00 per 100.

Carman.—Berries small in size, dark purplish black. Prices, strong 2-year vines, 15c. each, \$1.25 per 10, \$7.50 per 100, \$60.00 per 1000.

Campbell's Early. (Black).—Bunch and berry large, glossy black, early and a great bearer. Prices, strong 2-year vines, 25c. each, \$2.25 per 10, \$20.00 per 100.

Delaware. (Red).—Bunches small, compact; berries rather small; exceedingly sweet, spicy and delicious flavor. Prices, strong 2-year vines, 15c. each \$1.25 per 10, \$7.50 per 100, \$60.00 per 1000.

Brighton. (Red).—Large, compact bunches, delicate skin, tender. Prices, strong 2-year vines, 15c. each, \$1.25 per 10, \$7.50 per 100, \$60.00 per 1000.

PARCEL POST—Grapes can be sent by Parcel Post, postage prepaid, for 2 cents per vine extra.

Green's Grape Collection No. 1

10 Splendid Two Year Old Vines for 98 Cents

- | | |
|-----------------|-----------------------|
| 1 BRIGHTON-RED | 1 MOORE'S EARLY-BLACK |
| 3 CONCORD-BLACK | 3 NIAGARA-WHITE |
| 2 WORDEN-PURPLE | |

SPECIAL PRICE 98c. (Sold Elsewhere \$1.80)

Worden. For home use I know of no grape of greater value. It is an enormous cropper. Worden is ripe and gone before Concord comes in. It is an early black grape. Prices of strong 2-year old vines, 10c. each, 80c. per 10, \$5.00 per 100, \$35.00 per 1000.

Diamond. (White).—Very prolific in bearing; cluster large and handsome. Prices, strong 2-year vines, 15c. each, \$1.25 per 10, \$10.00 per 100.

Asparagus, in field.....	1 by 3 ft.

CURRANT BUSHES

Red Cross. It is the sweetest currant ever produced. In making currant jellies Red Cross currant requires only half the sugar that any other currant requires. Prices, strong 2-year old No. 1 bushes, 75c. per 10, \$6.00 per 100, \$50.00 per 1000. Strong 2-year old No. 2 bushes and strong 1-year old No. 1 bushes, 60c. per 10, \$5.00 per 100, \$40.00 per 1000.

Diploma Currant. (Received World's Fair Diploma).—The best and largest of all currants. Very vigorous grower and most productive. Red currant; season medium late. Prices, extra large, 2-year old bushes 12c. each, \$1.00 per 10, \$7.50 per 100. Strong 2-year No. 2 and 1-year old bushes, 8c. each, 60c. per 10, \$5.00 per 100, \$40.00 per 1000.

Fay's Prolific. Of large size, fine flavor, red in color. Universally recommended by those who have had experience with it. Prices, strong 2-year old

RED CROSS

No. 1 bushes, 60c. per 10, \$5.00 per 100, \$45.00 per 1000. Strong 2-year old No. 2 bushes, 50c. per 10, \$4.00 per 100, \$35.00 per 1000.

Wilder. One of the strongest growers and most productive. Bunch and berries very large, bright, attractive red color. Ripens at the same time as Fay's. Prices, strong 2-year old No. 1 bushes, 60c. per 10, \$5.00 per 100, \$40.00 per 1000. Strong 2-year old No. 2 bushes 50c. per 10, \$4.00 per 100, \$30.00 per 1000.

White Grape Currant. This is the best of all white currants. Prices of White Grape, strong, 2-year old No. 1 bushes, 60c. per 10, \$5.00 per 100, \$45.00 per 1000. Strong 2-year No. 2 bushes, 50c. per 10, \$4.00 per 100.

Black Champion. One of the best black currants yet introduced; excellent quality and flavor. Prices of Black Champion, strong 2-year old No. 1 bushes, 75c. per 10, \$6.00 per 100, \$50.00 per 1000.

Perfection Currant. It is an upright, strong grower, thickly covered with clusters of large fruit. New Prices, 20c. each, \$1.50 per 10.

PARCEL POST.—Currants can be sent by Parcel post, postage prepaid, for 1 cent per bush extra.

A CLUSTER OF DIPLOMA CURRANTS

CULPEPPER, VA., April 25, 1913

Green's Nursery Co.:

My trees arrived in fine condition. Have put them out and feel sure they will do well. I will certainly show them to my neighbors and am sure you will get more orders as we have never received trees like this before.

Mrs. C. W. Reynolds.

BINGHAMTON, N. Y., May 8, 1913

Green's Nursery Co.:

The bale of trees and rose bushes received in good condition. We are very pleased with everything. It was so satisfactory to note the care used in packing and preparing the trees for shipment.

M. W. MERCEREAU.

RASPBERRY BUSHES

Cumberland. Fruit very large, firm, keeps and ships as well as any of the blacks. Mid-season. Prices, 50c. per 10, \$2 per 100, \$15 per 1,000.

Ruby Red Raspberry. A large and productive variety which we have been testing for several years. The fruit stands up well in the box and is very showy. Prices, 50c per 10, \$2 per 100.

Columbian. A strong grower, unexcelled for productiveness and desirable for canning. At Green's Fruit Farm nine rows, 150 feet long, yielded 66 bushels. Prices, 50c per 10, \$2 per 100, \$15 per 1,000. Color reddish purple.

Plum Farmer. Black—It ripens early and quickly. The fruit is of enormously large size, often measuring an inch in diameter. It sells at the highest price. Prices, 50c per 10, \$2 per 100, \$15 per 1,000.

Kansas Black Raspberry. Is of the largest size, vigorous, healthy and productive. Fruit is large and excellent in quality. We have fruited it several seasons and find it an excellent variety. Prices, 50c per 10, \$2 per 100, \$12 per 1,000.

Herbert. This is a new red raspberry which originated in Canada and is very highly recommended by the Government Experiment Station at Ottawa on account of its unusual hardiness. Prices, 60c. per 10, \$4.00 per 100.

PARCEL POST—Raspberries can be sent by parcel post, postage prepaid, for two cents per bush extra.

CUTHBERT RED RASPBERRY

Cuthbert Red. Large, Productive, Attractive. It yields bountifully of large and beautiful bright red berries, which are easily picked and command good prices. Prices, 50c. per 10, \$1.50 per 100, \$12 per 1,000.

Syracuse Red. This is the largest and most productive of all red raspberries. It is very hardy, never requiring protection at Rochester, N. Y. It is also a vigorous grower and continues to fruit during six weeks of summer, from July first to the middle of August. Prices, 20c. for each strong well rooted plant, or \$1.50 for 10 plants, \$10 per 100.

BLACKBERRY BUSHES

Eldorado Blackberry. The hardest and sweetest blackberry at Green's fruit farm; this variety has never winter killed or failed to produce a full crop of the finest fruit. The vines are very vigorous and hardy. Berries are very large, jet black, borne in large clusters, and ripen well together; are very sweet, melting,

pleasing to the taste, have no hard core, and keep eight to ten days. C. A. GREEN. Prices, 60c. per 10; \$3 per 100, \$20 per 1,000.

Snyder Blackberry. This popular, hardy and profitable blackberry is known everywhere and planted largely. Where other varieties have entirely failed it proved itself entirely hardy. It is also grown in localities where hardiness is not the first consideration, because of its productiveness and general adaptability to all localities. It is the blackberry for every fruit grower desiring to make a start in blackberries, who has not the means to buy the high priced varieties. Keep the soil rich with barnyard manure and wood ashes and no one will complain of the size of the Snyder. We have grown it for twenty years and shall continue to plant it, as it gives a good picking where many other varieties have failed. This is the standard early sort for the North and Northwest, and is very popular. This was the first of the hardy kinds that made a sensation over the country. With good culture it is large enough to satisfy all. The severest frost does not bite it. Season early; oblong oval in form; quality good. Prices, 50c. per 10, \$2 per 100, \$15 per 1,000.

Blowers. "The giant of all Blackberries." An upright mammoth grower; very hardy and enormously productive. A single plant produced over 2,300 berries. It commences to ripen about the middle of July and bears about two months. Prices, 60c. per 10, \$3 per 100, \$20 per 1,000.

PARCEL POST—Blackberries can be sent by parcel post, postage prepaid, for one-half cent per bush extra.

BLOWERS—MAMMOTH BLACKBERRY

GARDEN ROOTS

Palmetto Asparagus. This is a large growing variety particularly delicious in quality. No home garden can be complete without it. Asparagus is one of the greatest garden delicacies, coming in at a season when there is no competitor. When once planted this will continue to produce abundantly for life. The plants late in the season are objects of great beauty, and are worth growing for their beauty. Palmetto Asparagus is valuable for its health-giving properties. It is also appetizing, and is a rare delicacy for any table. Prices of Palmetto Asparagus, strong 2 year plants, 25c. per 10, 75c. per 100, \$5.00 per 1,000.

Conover's Colossal Asparagus. No vegetable that is so attractive to the delicate appetite of the epicure as the first delicious cuttings of this early asparagus. No vegetable is more beneficial as an appetizer to persons of sedentary habits. It is difficult to account for its cultivation being neglected. In country gardens it is rarely to be found, although so healthful and nutritious; yet everyone should have an asparagus bed. This good old variety is known everywhere; is of large size, rapid in growth and of good quality. Prices, large 2 year plants, 25c. per 10, 75c. per 100, \$5.00 per 1,000.

Genesee Asparagus (New). A large, tender and delicious variety. A rapid grower and desirable in every respect. Offered by us now for the first time. Prices, 30c. per 10, \$1.00 per 100, \$6.00 per 1,000.

Horse Radish. Will stand a great deal of hardship and persist in soil year after year. Plant in deep, rich, cool soil. The yield will vary according to the soil and treatment. As high as ten tons have been secured from an acre. Prices, strong Sets, 25c. per 10, \$1.00 per 100, \$7.50 per 1,000.

LINNAEUS RHUBARB—PIEPLANT

PALMETTO ASPARAGUS

Sage.—

(Holt's Mammoth)—Large bushy plants that have been grown in the nursery row. Prices, 10c. each, 80c. per 10, \$5.00 per 100.

Linnaeus Rhubarb. We have millions of well-rooted Rhubarb plants for sale. When spring opens, the human system needs an acid. Fruits have not yet supplied these acids, therefore rhubarb, or pieplant, is the only source. Those who eat pieplant pie and sauce freely are greatly benefited. Do you realize what excellent sauce can be made of rhubarb? Set 12 to 18 inches apart in the row. For ornament alone it pays to plant it. This is the best variety. Prices of strong Pieplant roots, lower than ever before, 5c. each, 50c. per 10, \$3.00 per 100, \$20.00 per 1,000.

PARCEL POST—Asparagus Plants, Horse Radish and Sage can be sent by parcel post, postage prepaid, for 5 cents per 10 extra.

Rhubarb roots can be sent by parcel post, postage prepaid, for 3 cents extra per root.

VARIETIES RECOMMENDED BY CHAS. A. GREEN

For the benefit of my friends and patrons, who have not had as much experience in fruit growing, I have underlined and put in heavier type the varieties I consider the best. My 35 years of fruit growing has assured me that these varieties can absolutely be depended upon, and if you confine your selection to them you will not make a mistake. The varieties in smaller type and not underlined are all good varieties for the home garden but as a rule are not recommended for commercial planting.

THE NEW BISSEL STRAWBERRY

STRAWBERRY PLANTS

Bissel Strawberry. (Pistillate).—This is a new variety which has been carefully tested at Green's Fruit Farm. It is a vigorous grower and marvelously productive. When I first saw it I considered it the most productive variety I had ever seen. It must be planted near a row of another variety that is perfect in blossom or it will not yield its full average crop, though even then it will bear fruit. The first year in fruiting at Green's Fruit Farm the berries were of the largest size. The second year the berries were not so large but there was an abundance of them. Bissel strawberry came to us highly recommended from Lawrence, Kansas, where it was pronounced a great success. It is not a very firm berry, therefore will not endure long shipment. The plant is so vigorous it will succeed where others fail. The improved Bissel strawberry comes to us from B. L. Smith of Kansas. He wrote us last year that it was a remarkable variety, exceedingly productive, large and showy. More recently he writes us that it is the best of all his varieties this year. Prices, 20 c. per 10, 60c. per 100, \$4.00 per 1000.

Corsican. Biggest berry on earth.—This is C. A. Green's favorite strawberry. It is the biggest, the brightest and best in color; a great yielder, and producer. The foliage is exceedingly vigorous and leathery, resisting fungus, drought, weeds, and even neglect of cultivation. Prices of Corsican, layer plants, 25c. per 10, 75c. per 100, \$6.00 per 1000.

Brandywine. A very late and firm berry, a good shipper; per; good canner; a good all-around strawberry. This strawberry is being largely planted. In plant it is a luxuriant grower, healthy and very productive; blossom per foot, fruit large, of good form, bright red all over, and good quality. Prices of Brandywine, layer plants, 25c per 10, 75c. per 100, \$6.00 per 1000.

Senator Dunlap. At Green's Fruit Farm it has no superior as an early variety. A heavy cropper of best quality berries with clean, healthy foliage which has no tendency to rust. Berries are very large. In color, they are glossy crimson, with the meat firm and solid, deep crimson throughout, and good in quality. Prices of Senator Dunlap, layer plants, 25c. per 10, 75c. per 100, \$6.00 per 1000.

Sweetheart. It is of beautiful, bright earmine red, as handsome in color as the most beautiful rose. It is solid in flesh and a long keeper. It is the best keeping berry I have ever seen and must become a good shipper on account of its firmness of flesh and ability to stand up under hard usage. It is the earliest berry to ripen at Green's Fruit Farm, being earlier than Senator Dunlap. Prices, 50c. per 10, \$3.00 per 100.

PARCEL POST.—Strawberry plants can be sent by Parcel post, postage prepaid, for one-fourth of a cent per plant.

READY MONEY IS WHAT MOST PEOPLE ARE LOOKING FOR

How can the girl, the boy, the wife, or the head of the family get ready money? I answered this question when I left Rochester a poor man nearly forty years ago. I set out plants, vines and trees. My strawberries were the first thing to bring me ready money. Soon after followed the raspberries, blackberries, grapes, peaches, pears, plums and apples. There is nothing that brings ready money more successfully than fruit growing. There can be no doubt about the product of a Company which has in thirty years built up the largest business of its kind in the world.

NORWAY MAPLE

LOMBARDY POPLAR

WHITE FLOWERING HORSE CHESTNUT

ORNAMENTAL TREES

Norway Maple. This is one of the hardiest ornamental shade trees, and one of the most beautiful. A noble variety both in growth and form. Very popular for shade and ornament. This maple with its broad, showy leaves has many admirers.

Prices.....	Each	10
6—8 feet.....	\$.60	\$5.00
8—10 feet.....	.75	6.50
10—12 feet.....	1.00	

Ash Leaved Maple or Box Elder. A fine rapid-growing variety, with handsome, light green foliage and spreading head; very hardy; desirable for street planting and succeeds in many sections where other varieties do not thrive.

Prices.....	Each	10
6—8 feet.....	\$.40	\$3.00

SILVER MAPLE

Silver Maple. It is beautifully ornamental if given room to develop, and is particularly useful on wide streets and avenues. Foliage is of an attractive silvery tinge. Prices, 6 to 8 feet, 50c. each, \$4 per 10; 8 to 10 feet, 75c. each.

Wier's Cut-Leaved Maple. One of the most remarkable and beautiful trees, with beautiful cut foliage. One of the most rapid growing and graceful of the weeping trees. Perfectly hardy. Prices, 6 to 8 feet, 60c. each, \$5.00 per 10.

Purple Leaved Plum. (*Prunus Pissardi*)—There is no hardy foliage tree grown that can compare with the *Prunus Pissardi*. There is nothing that will please you as well as will foliage trees. It is the most beautiful foliage tree extant. The finest purple leaved tree. The young branches are a very dark purple; the leaves, when young are lustrous crimson, changing to dark purple, and retain this.

Prices.....	Each	10
4—5 feet.....	\$.35	\$3.00
5—6 feet.....	.50	4.00

Lombardy Poplar. This is an old favorite. Well known and remarkable for its erect, rapid growth, and tall spiral form. Indispensable in landscape gardening to break the ordinary and monotonous outlines of most other trees.

Prices.....	Each	10	100
4—6 feet.....	\$.15	\$1.25	\$10.00
6—8 feet.....	.20	1.50	12.00
8—10 feet.....	.25	2.00	16.00

White Flowering Horse Chestnut. Beautiful when in bloom. In early spring these trees are completely covered with white flowers. We think there are but few who realize how beautiful are the flowers of the horse chestnut.

Prices.....	Each	10
5—6 feet.....	\$.35	\$3.00
6—8 feet.....	.50	4.50
8—10 feet.....	.75	6.00

EXPRESS RATES ARE LOWER

Heretofore express charges have been unduly high but now since the United States Government has intervened and offered such low rates by mail, the express companies have been obliged to come down with their prices. Those who order plants and trees by express can now be assured of getting lower express rates than ever before in the history of this country.

CAROLINA POPLAR

CALIFORNIA PRIVET HEDGE

CATALPA

ORNAMENTAL TREES (Continued)

Carolina Poplar. It is one of the most rapid growers among shade trees, frequently growing 8 feet during one season, and thus making fine avenues in a few years. It is very desirable at the roadside, in parks, along rivers and streams for the protection of the banks. It has advantages over other shade trees because it will grow in any kind of soil, swampy or muck, light or heavy. It is easily started and gives shade in a short time. Very useful for planting as a screen to shut out unattractive buildings.

Prices.....	Each	10	100
4—5 feet.....	\$.10	\$.85	\$ 5.50
5—6 feet.....	.15	1.25	7.50
6—8 feet.....	.20	1.50	12.00

Ash, Mountain. Bears clusters of bright red berries in autumn, which are conspicuous and handsome. Price, 5 to 6 foot trees, 50c. each.

Double Flowering Plum. (*Prunus Triloba*)—Hardy, very attractive. A great improvement on the flowering almond. Strong 2 to 3 foot trees, 50c. each.

American Linden or Basswood. A rapid growing, large sized, beautiful native tree, with very large leaves and fragrant flowers. Price, 6 to 8 feet, 50c. each.

Thorn, Double White. Has small, double white flowers. A highly ornamental variety, on account of both foliage and flowers. Makes a very striking contrast when planted with the double scarlet. Strong trees. Price, 50c. each.

Paul's Double Scarlet Thorn Apple. Flowers bright carmine red. Superior to any of its color. Strong trees. Price, 50c. each.

Schwedlerii. (Red Leaved Maple)—Very distinct and attractive foliage, very showy in the early spring and summer. Price, 6 to 8 foot trees, \$1.00.

Hardy Catalpa. (*Speciosa*)—One of the most showy flowering trees. It makes a beautiful object on the lawn and should be in everyone's dooryard.

It is a very rapid grower, and found to be very desirable for railroad ties, etc. Prof. Hussman of the Missouri State Horticultural Society describes it as follows: "It looks like a production of the tropical zone, yet it seems to be entirely hardy, with its immense leaves, velvety brown when they first appear, and changing into dark green; followed by immense panicles of flowers, containing sometimes between three and four hundred buds and blossoms, contrasting finely with its dark massive foliage."

Prices.....	Each	10
4—5 feet.....	\$.20	\$1.75
5—6 feet.....	.30	2.50
6—8 feet.....	.40	3.25

Russian Mulberry—Desirable for ornament and shade. A favorite on account of its beautiful oct foliage and fruit. Prices, 4 to 5 foot trees, 35c. each, \$3.00 per 10; 3 to 4 foot trees, 25c. each, \$2.00 per 10.

Purple Leaf Beech. This blood-leaved tree possesses all the qualifications of an ordinary beech, and in addition has beautiful red leaves, which continue red throughout the season. Price, 3 to 4 feet, 75c. each.

PURPLE LEAF BEECH

GOLDEN WILLOW

SUGAR MAPLE

AMERICAN ELM

ORNAMENTAL TREES (Continued)

American Elm. The most admired of all American trees. It is very attractive in any suitable location, is entirely hardy and easily transplanted. There are more elm trees planted along our streets and highways than any other one variety. This on account of its dense green foliage, which spreads out from overhead, covering a suitable space of ground in proportion to the size of the tree, which makes it the finest shade tree in the world.

Prices.....	Each	10	100
6—8 feet.....	\$.35	\$3.00	\$25.00
8—10 feet.....	.50	4.00	
10—12 feet.....	.75	6.50	

The Cut-Leaved Weeping Birch. This noble tree is not only the most popular of weeping trees, but it is decidedly the best. Its tall, slender, yet vigorous growth, graceful, drooping branches, silvery white bark, and delicately cut foliage, present a combination of attractive characteristics rarely met with in a single tree. It thrives in any soil and is very hardy, needs no protection. As single specimens on the lawn or employed as avenue trees, they are very imposing and handsome. If one ornamental tree only, plant the Cut-Leaved Weeping Birch. Price, \$1.00 each.

European White Birch. A graceful tree, with silvery bark and slender branches. Erect when young, but after four or five years assumes an elegant drooping habit. Very desirable. Price, 5 to 6 feet, 50c. each.

Sugar or Rock Maple. This native tree of ours is a universal favorite for street planting, and a desirable one everywhere.

Prices.....	Each	10
6—8 feet.....	\$.50	\$4.00
8—10 feet.....	.75	6.50

PARCEL POST—We have no ornamental trees small enough to send by parcel post, except Catalpa, 18 to 24 in. at 10 cents each, and Poplars, 2 to 3 feet at 15 cents each, \$1.25 per 10.

Golden Willow. This is a very handsome tree, graceful and very beautiful. When young it grows straight and compact, but after it is five or six years old the branches begin to droop. It is conspicuous at all seasons but particularly so in winter on account of its bright yellow bark. By all means plant it.

Prices.....	Each	10
2—3 feet.....	\$.15	\$1.25
4—5 feet.....	.25	2.00

Mr. Chas. A. Green; Oconomowoc, Wis., April 18, 1913.
Plants came O. K., are fine. Always get good from you. With kindest wishes, A. V. Drown.

EUROPEAN WHITE BIRCH

EVERGREENS AND HEDGES

NORWAY SPRUCE HEDGE—VERY HARDY

American Arbor Vitae. (White Cedar)—This is one of the most desirable evergreens for hedging purposes because it can be trimmed to any size or shape desired. The foliage is feathery and spraylike, becoming denser after each pruning with the shears. This evergreen seems to adapt itself to all locations, but does especially well where the soil is moist. It is used to a great extent planted as a wind-break and as a tall hedge around country property. Prices of hedging plants, 18 to 24 inches, 25c. each, \$2.00 per 10, \$15.00 per 100.

California Privet. The best of all hardy hedge plants. The city of Rochester, N. Y., is one of the most beautiful in the world. On almost every lot California Privet hedges are planted to divide one lot from another. This Privet hedge is also planted in front of most houses adjacent to the street. The Privet hedge is easily kept at any height desired. This hedge holds its foliage nearly all winter. It is almost an evergreen. Prices of California Privet, heavy 2-year, well branched, \$4.00 per 100, \$35.00 per 1,000. Extra heavy, 10c. each, 80c. per 10, \$5.00 per 100.

PARCEL POST—Norway Spruce and American Arbor Vitae not over 10 inches high, can be sent by parcel post, postage prepaid, for 15 cents each, \$1.30 per 10. Strong branched, one year old California Privet can be sent by parcel post, postage prepaid, for 60 cents per 10, \$5.00 per 100. Strong one year old Live-Forever Rose Bushes can be sent by parcel post, postage prepaid, for 75 cents per 10, \$6.00 per 100.

Norway Spruce. This is the most desirable evergreen for all purposes and by far the most popular. It is extremely hardy and will grow in all kinds of soil and under all conditions. It is a very rapid grower, pyramidal in form. For a hedge higher than 4 or 5 feet, it is by all means the most desirable tree to use. These hedges can be grown to any height, even up to 20 or 30 feet. An orchard or fruit garden enclosed with an evergreen hedge of this description will in cold states and cold seasons yield double the crop of sound fruit that it would if left exposed to the bleak and cutting blasts of winter. Prices, 2 to 3 feet, 35c. each, \$3.00 per 10, \$20.00 per 100; 1½ to 2 feet, 25c. each, \$2.00 per 10, \$15.00 per 100.

Live-Forever Rose. A hedge row of Live-Forever Roses is a beautiful sight in summer. Imagine a row 500 feet in length, containing 500 bushes, set one foot apart three years ago and each bush showing an average of 1,000 buds and blossoms, and you can get some idea of one of our attractive hedge rows last summer. The bush is very hardy, standing our severe winters without any protection. Prices of Live-Forever Rose for hedging, one year No. 1, \$7.00 per 100. Extra heavy two year, \$1.25 per 10, \$12.00 per 100.

CALIFORNIA PRIVET—BEST ORNAMENTAL HEDGE

SPIREA VAN HOUTTEI

MOCK ORANGE (SYRINGA)

DEUTZIA CRENATA ROSEA

ORNAMENTAL SHRUBS

Spiraea Van Houttei. The grandest of all Spiraeas. It is a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom, the foliage hardly showing. The best of the spiraeas. Prices, 25c. each, \$2.00 per 10.

Spiraea Prurifolia. (Bridal Wreath)—Blossoms in May with pure white double flowers. Makes showy specimen plants for lawn. Prices, 25c. each, \$2.00 per 10.

Spiraea Anthony Waterer. Makes a dwarf bush 15 to 18 inches high, covered from spring till late in the fall with large heads of crimson flowers. Perfectly hardy. Prices, 25c. each, \$2.00 per 10.

Spiraea Bumalda. A spreading, low bush, with dark leaves brightened by corymbs of pretty, light pink flowers in May, and at intervals all summer. Prices, 25c. each, \$2.00 per 10.

Spiraea Callosa Rosea. Has large panicles of deep rosy blossoms; grows freely; blooms nearly all summer; fine. Prices, 25c. each, \$2.00 per 10.

Spiraea Billardi. A free bloomer. Produces rose colored flowers nearly all summer long. Prices, 25c. each, \$2.00 per 10.

Deutzia Crenata Rosea. (Double Flowered Deutzia)—This is a variety that has very full double flowers which are white tinged with rose. The flowers are produced in great profusion in racemes from 4 to 5 inches long. Prices, 25c. each, \$2.00 per 10.

Deutzia—Pride of Rochester. Large, double white flowers, the back of petals being tinged with rose; habit vigorous, and a profuse bloomer. Prices, 25c. each, \$2.00 per 10.

A BRANCH OF A SNOWBALL BUSH

Mock Orange. (Syringa) Flowers white, deliciously perfumed. Derives its name owing to flowers resembling orange blossoms; a delightful substitute for that noble flower. Prices, 25c. each, \$2.00 per 10.

Snowball. (Viburnum)—A well known favorite shrub, with globular clusters of white flowers the latter part of May. This good old early and sure flowering shrub is planted perhaps more extensively than any other. It is found in every collection in the gardens of the rich as well as the poor. We have a fine lot of strong plants, 2 to 3 feet. Prices, 25c. each, \$2.00 per 10.

LILAC

PAEONIES

PHLOX

ORNAMENTAL SHRUBS (Continued)

Lilacs. These beautiful shrubs are indispensable in every collection. While we specialize in the varieties described below because they are the most desirable, in addition we have them in both double and single blossoms in the following colors; white, purple, violet, pink and blue. Prices, double blossom varieties, 35c. each, \$3.25 per 10. Single blossom varieties, 25c. each, \$2.25 per 10.

Lilac, Old Homestead. There are no flowering plants more highly prized than this beautiful pink lilac. The Old Homestead Lilac is not claimed to be a new variety. It is a choice variety found in an old garden at Green's Fruit Farm. Prices, 25c. each, \$2.25 per 10.

Lilac, Purple. The well-known variety, one of the best. A good grower; flowers and young wood fragrant; purple. Prices, 25c. each, \$2.25 per 10.

Lilac, White. A very desirable contrast to the purple; those who have one should have the other. Prices, 25c. each, \$2.25 per 10.

Hardy Hydrangea—

(*Paniculata Grandiflora*)—We urge our friends to plant the Hydrangea. It is hardy, enduring the severest winters outdoors without protection. It is easily transplanted, not one in a thousand dying; it never fails to blossom the first year planted; no matter how small the plant, it immediately buds out in great profusion of flowers, many of them as large as the head of a full grown child. When the specimens first open they are greenish white, later they turn to a pure white, and still later to a delicate pink. Prices, extra large, 50c each, \$4.50 per 10. Medium size, 35c each, \$3.00 per 10. Tree form, 3 to 4 feet, 75 cents each.

A HEDGE OF HARDY HYDRANGEAS

Paeonies. (The Queen of Spring Flowers)—The Paeony can be planted in the spring or fall. It rivals the rose in beauty and fragrance. Prices, and colors of Paeonies; red, pink, and pink and white, best varieties, strong roots (that will flower the coming summer), 25c. each, \$2.00 per 10.

Perennial Phlox. Finest autumn flowers. Plant roots of the Phlox in fall or spring and those roots will continue to send up flower shoots each spring for twenty years. Plant the Phlox in a row along the border of the roadway, in a bed made up of several rows, or in a round bed on the lawn, or in shrubbery. It is hardy and succeeds everywhere and on all soils. We offer three colors, pink, white and red. Prices of strong plants, 15 cents each, \$1.25 per 10, \$12.00 per 100.

PURPLE FRINGE

ALTHEA

PURPLE BARBERRY

ORNAMENTAL SHRUBS (Continued)

Althea. (Rose of Sharon)—One of the most showy flowering shrubs; strong, erect growing, with large bell-shaped, double flowers of striking color, borne abundantly in August and September, when most other shrubs are out of bloom. *We have white, red and purple.* They are very hardy, easily cultivated, and will bloom until their growth is cut short by frost. **Prices, heavily branched, well-rooted bushes, 2 to 4 feet, 25c. each, \$2.00 per 10.**

Purple Fringe or Smoke Tree. Unlike any other flowering shrubs, blossoms resemble a cloud of smoke. Much admired and conspicuous in flower, and also pretty on account of its foliage in autumn. **Prices, strong, 25c. each, \$2.00 per 10.**

Forsythia Viridissima—(Golden Bell)—A fine, hardy shrub. It comes into bloom early, and flowers are of a bright orange-yellow. **Price, large, 25c. each, \$2.00 per 10.**

Yucca Filamentosa—

I know of no flowering plant more showy. It is a gorgeous grower and endures the most severe winters without protection. It blossoms year after year, for a lifetime, and its blossoms look like white lily blossoms. They are pure white, and remain a long time in bloom. **Prices of strong plants, 25c. each, \$2.00 per 10.**

Purple Leaved Barberry—A beautiful shrub with violet purple foliage; showy, small yellow flowers, and beautiful red berries in pendulous clusters. **Prices, strong bushes, 25c. each, \$2.00 per 10.**

Japan Quince. (Cydonia Japonica)—The prevailing and most desirable color, we think, is the deep crimson. Blossoms in early spring, and produces considerable fruit, which increases its value as an ornamental. **Prices, strong, 25c. each, \$2.00 per 10.**

PARSONS, PA., April 7, 1913.

Mr. C. A. Green:

I received my order in due time and everything was satisfactory. I am very well pleased with the trees and yourself. I will do all in my power to help you in any way that I can. I will say that you are a square man in every way. If I need anything in your line again you will be the man that will get the order.

JOSEPH HANNON.

A BED OF YUCCA

DWARF BARBERRY AS A HEDGE

Dwarf Barberry. (*B. Thunbergii*)—Very attractive, neat and dense in growth, yet graceful because of its drooping branches. The yellow flowers are followed by scarlet fruits borne in dense profusion on the long stems and clinging through most of the winter; the leaves color to scarlet and gold in autumn. Prices, 25c. each, \$2.00 per 10 for hedge, \$9.00 per 50.

Golden Leaved Elder. A plant of this bush in a bed, or a border, or on the lawn, is a conspicuous feature, the foliage being as yellow as gold. Prices, strong plants, 25c. each, \$2.00 per 10.

The Weigela. The Weigela is one of the most charming shrubs in cultivation; it cannot be too highly recommended; the flowers are large, trumpet shaped and are borne in great profusion. We offer them in colors, red, pink and white. Prices, strong plants, 25c. each, \$2.00 per 10.

Ostrich Plume. The New Ornamental Grass (*Eulalia*)—Is nearly as beautiful as ostrich plumes when in blossom. Plumes will keep for months or years, drying like feathers. Valuable as a decoration for mantel piece, side board or piano. Prices, strong plants, 10c. each, 80c. per 10.

Tree Cranberry. Hardy as a rock and most desirable, combining the ornamental with the useful. The blossoms are white, single and very showy and its beautiful fruit clings to the branches in winter. Prices, large bushes, 25c. each, \$2.00 per 10.

Anchusa. (The Heavenly-Blue Flower)—This is one of the very choicest hardy border plants. It is very hardy, growing from 4 to 6 feet with good culture. It is fully covered with pure blue flowers an inch in diameter, which are of a surpassing beauty and loveliness. It flowers in May, lasting about two months in bloom. Prices, 35c. each, \$3.00 per 10, by mail or express.

Golden Glow. This is a beautiful yellow blooming perennial plant, and like phlox it stands out doors all winter. The foliage, which dies back every fall, springs up vigorously in the spring and grows to the height of 5 or 6 feet. If you do not wish the plants to grow so high, nip them off when they are a foot or two high. Prices of strong plants, 5c. each, 40c. per 10.

Gladiolus. This is one of the best bulbs for summer flowering. Its cultivation is very simple as it will thrive in ordinary garden soil. They make a splendid effect when planted among roses, peonies and shrubbery. Prices of bulbs, fine mixed colors, 20c. per 10, \$1.10 per 100.

Dahlias. An old fashioned flower producing a very desirable effect when planted with roses, bulbs or shrubs. We have a good assortment of colors. Prices, 15c. each, \$1.25 per 10.

PARCEL POST—Strong Ornamental Shrubs 10 to 15 inches high and Hardy Flowering Plants and Bulbs can be sent by parcel post, postage prepaid, at same price as quoted for the large specimens.

THE MEN BACK OF US

Back of Green's Nursery Co. is an organization of men technically qualified not only to produce good plants, vines and trees, but who are qualified to dig, ship and pack those trees in the best possible manner. These are men who have made a specialty of this particular work and who have pursued it for many years so that now they excel in their work. It is such men as these whose services go continually in connection with every sale or shipment of both plants, vines or trees sent out by this Company. The knowledge and experience of these men is offered to you in the products which we are constantly placing before the public.

McKEESPORT, Pa., Aug. 15, 1913.

Gentlemen:

Out of about 6000 trees and 550 vines Green's Nursery Co. sent me in the last four years. I have not lost 50 trees. The vines are all growing and doing fine.

W. H. CLOUSE.

A PLANT OF GOLDEN GLOW

ROSES

Frau Karl Druschki. (Snow Queen)—The finest white rose. It is marvelous in its beauty in half opened bud and in the pure white of the full opened bloom. Prices, strong No. 1 bushes, 25c. each, \$2.25 per 10.

Coquette Des Alps. White, slightly shaded with carmine; strong grower and a great favorite. Prices, 25c. each, \$2.25 per 10.

Madam Plantier. Pure white, produced in great abundance early in the season. Prices, 25c. each, \$2.25 per 10.

Paul Neyron. Flower of immense size, one of the largest grown and one of the finest; color deep shining rose, very fresh and pretty. Prices, 25c. each, \$2.25 per 10.

Crimson Baby Rambler. Can be planted outdoors or put in pots indoors. A dwarf (bush) form of Crimson Rambler, and furthermore, everblooming. Has the same bright, crimson color as the climbing Crimson Rambler, and blooms in clusters of 20 to 40 flowers at one time on plants of fair size. Prices, strong No. 1 bushes, 30c. each \$2.50 per 10.

Veilchenblau. (Blue Rambler)—This is a new rambler rose, producing flowers of a pale violet blue color. It is very hardy and distinctively a novelty. Prices, 25c. each, \$2.25 per 10.

Sottel D'or. A beautiful golden yellow rose. The flowers are very globular. Prices, 35c. each, \$3.00 per 10.

Dorothy Perkins. (Climber)—A most valuable Pink Rambler Rose. Flowers are very double, of large size, usually two inches across and borne in loose clusters. The petals are very prettily rolled back and crinkled; the buds are remarkably handsome, being pointed in shape and of just right size for the button-hole. Prices, 25c. each, \$2.25 per 10.

Live-Forever Rose. A bug proof, hardy Rose. If you have tried growing roses and failed, try once more, for we have discovered a rose which lives long and is proof against insects and diseases. Prices, 15c. each, \$1.25 per 10, \$12.00 per 100 for large 2-year bushes; 1-year bushes, \$7.00 per 100.

Magna Charta. A general favorite, prized on account of its strong upright growth, and bright, healthy foliage, as well as for its magnificent bloom. The color is beautiful pink, suffused with carmine. Prices, 25c. each, \$2.25 per 10.

Crimson Rambler. A climbing rose of unusual attractions. Very hardy. Vigorous in growth, having grown 8 to 10 feet in a season. Produces a profusion of blossoms, having been known to produce 300 blossoms on one shoot. The Crimson Rambler is especially adapted for covering trellises. Its cluster form, its brilliancy, the abundance of its bloom, and the great length of time the flowers remain on the plant without falling or losing their brilliancy, are qualities which make this rose an assured favorite. Prices of bushes, 2 years, 25c. each, \$2.25 per 10.

General Jacqueminot. Deep, brilliant shaded crimson, with large petals, globular with high center. Prices, 25c. each, \$2.25 per 10.

Yellow Rambler. Flowers of medium size, in immense clusters, very sweet-scented; a clear decided yellow. Prices 25c. each, \$2.25 per 10.

White Rambler. Resembles Crimson Rambler in foliage and habit; flowers pure white. Prices, 25c. each, \$2.25 per 10.

SPECIAL PRICE 98c. (Sold Elsewhere \$1.80)

MAGNA CHARTA—C. A. GREEN'S FAVORITE

CLEMATIS PANICULATA IN BLOSSOM

Clematis Paniculata. This beautiful Clematis fills a long felt want for a rapid growing, hardy, easy-to-transplant flowering vine. Its beauty is indescribable. It commences to grow very early in the spring and blooms profusely in the late fall. If you can plant only one vine, plant the Clematis Paniculata. A remarkably beautiful climbing plant. Flowers pure white, star-shaped, about one inch in diameter, borne in large clusters; will last several days as cut flowers, retaining their freshness and fragrance. Plant is a strong, quick grower, has broad, healthy foliage, seldom attacked by insects. Chas. A. Green's choice for an easily transplanted, sure blooming plant. **Price, 25c. each.**

Henryi Clematis. A vigorous grower and free bloomer, producing its large, pure white flowers constantly during the summer and early autumn. **Price, 35c. each.**

Jackmanni Clematis. Flowers, when fully expanded, are from 4 to 6 inches in diameter; intense violet purple, with a rich velvety appearance. An abundant bloomer. **Price of strong plants, 35c. each.**

Virginia Creeper. (American Ivy)—The good, hardy, native American Ivy. Fine for trellises where a rapid growing vine is needed. **Price, 25c. each.**

Trumpet Flower. A grand old favorite, hardy climbing plant, with large, trumpet shaped, scarlet blossoms in August. Fine for covering old tree stumps and verandas, or for growing as single specimens. It is very hardy and will thrive everywhere. **Price, 25c. each, strong 2-year vines.**

FLOWERING VINES

Hall's Japan Honeysuckle. An almost evergreen honeysuckle of the greatest value, being hardy and of strong growth. The flowers are fragrant, of a pure white changing to yellow, resembling a Cape Jasmine in odor and produced in profusion from May to December. **Price, strong plants, 25c. each.**

Ampelopsis Veitchii. (Boston Ivy)—This is one of the most beautiful ivies and the latest acquisition. It is a rapid grower and clings tenaciously to brick or stone walls, requiring no artificial fastening or training. A single vine may in time cover the entire side of a house or church. It is hardy and thrives almost everywhere. **Price, strong vines, 35c. each.**

Chinese Blue Wistaria. One of the most elegant and rapid growing of all climbing plants; attains an immense size, growing at the rate of 15 to 20 feet in a season. Has long pendulous clusters of pale blue flowers in May, June and in autumn. **Price, 25c. each.**

Chinese White Wistaria. Similar to Chinese Blue. Flowers a pure white.

Chinese Purple Wistaria. Similar to Chinese Blue. Flowers a beautiful purple.

PARCEL POST—Ornamental vines can be sent by parcel post, postage prepaid, for 5 cents per vine extra.

STRATFORD, CONN., May 26, 1913.

Green's Nursery Co.:

Received my trees, strawberries and grape vines all in fine shape. I never received better trees for the money or those packed more carefully. Shall buy my nursery stock of you in the future and advise my friends to do so.

A. E. MERRILL.

CLETON, N. J., April 22, 1913.

Green's Nursery Co.:

Your trees and vines have been received by me in good condition. Thanks for the same. Your trees could not be purchased at double that price from others. Well satisfied.

MRS. LILLIAN LENTZ.

POTTSTOWN, PA., April 22, 1913.

Green's Nursery Co.:

The bale of trees came all right. They are very nice trees and plants. The apple trees that I received from you last fall are growing nicely. None died. I can't see how you can sell such fine trees at your prices, which are less than half what agents ask. Your trees have such good roots. That is what I want. I cut most of the top away.

JOHN P. FREED.

A SCENE ON OUR NURSERIES

This photograph of evergreens, and one of the large number of teams of horses was taken at Green's Nursery Farms

near Rochester, N. Y., by Mr. Burson, our superintendent. One corner of our big packing house is shown in the above photograph.

Though this packing house was considered of mammoth size when erected, additions have been demanded each season in order to keep pace with our fast growing business. Our carpenters are at work today putting up a large addition to the packing house at Green's Nursery Company Farms.

Green's Nursery Co. Service Department

Offers Everything Needed for Planting, Growing and Marketing Fruit, Including

Sprayers	Barrel Headers	Bleachers	Fruit Presses	Grafting Tools	Seeders	Garden Tools
Spray Supplies	Fruit Parers	Evaporators	Pruning Saws	Grafting Wax	Cultivators	Fruit Ladders
Baskets	Slicers	PowerSprayers	Pruning Hooks	Planters	Horse Muzzles	Tree Protectors

The O. K. Cog Gear Barrel Spray Pump

The special features are the cog gear, malleable iron adjustable base for end of barrel. It is built to withstand the destructive acids, lime and other spray materials which cause the ordinary sprayers to fail in the fight. It has a patent brass cylinder plunger and ball valves, making it almost indestructible. The handle is wrought steel with cog gear, to enable the operator to maintain a pressure of 200 lbs. or more if necessary, with very little effort. It can be attached in a few minutes to any

barrel. The O. K. Spray Pump is one of the most formidable weapons in the warfare against all insects and pests of every kind.

Price, as illustrated, without barrel \$12.95

Price, as illustrated, without barrel, including two 15-ft. lengths of hose, two stop cocks and two nozzles, complete, ready to use... \$17.00

8-ft. Extension Pipe, 60 cents extra

Green's Cog Gear Barrel Spray Pump No. 18, for Small Orchard

Best Pump on Earth for the Money

It has bronze ball valves and brass seats; the plunger is brass, fitted with hemp packing. Will handle hot, cold or any caustic mixture. The cylinder and discharge pipe are all brass. The air chamber is 32 inches in length, enabling the pump to throw a uniform, constant and elastic spray. It has good leverage, is very powerful and easily operated. The Mechanical Agitator stirs the solution from the bottom, making it impossible for this pump to clog under any circumstances.

The new base is made so that the pump can be used on any barrel, regardless of height.

Price, as illustrated, including Mechanical Agitator, 15-ft. Hose and Nozzle, ready for use... \$8.80

Whitewashing and Painting Machine

For Whitewashing, Cold Water Painting, and General Purpose Spraying, with Patent Double Agitator. A most complete and serviceable outfit. The tank is made of heavy galvanized iron with a wide bottom so as to set steady in operation. The cover is removable. Tank holds 7 gallons. The pump is of brass, with large air chamber; throws continuous spray, and is fitted with Bordeaux nozzle, brass ball valves, and has both jet and dasher Agitator.

This outfit is being used by the leading Poultry and Dairymen for whitewashing stables and poultry houses.

Price, complete as illustrated, ready for use..... \$7.78

Bucket or Barrel Spray Pump

Two Pumps in One

It has all the advantages of the ordinary barrel pump and bucket pump combined. Has one-half more air chamber than any other make of bucket pump. Is made of brass with ball valves; handle and foot rest are malleable iron. When used as a barrel pump, detach the foot rest and attach pump to top of barrel.

Price, No. 24 complete, ready to use, with agitator, 5 feet of 3 ply hose and graduating Vermorel, fine or coarse spray, and solid stream nozzle..... \$4.45

With 4-ft. ext. pipe for higher trees..... \$4.75

Reliable Spray Solutions Ready to Use

For those who do not care to take the time and risk of preparing spray solutions, we offer the solutions in most general use in condensed form ready to use. They have been thoroughly tested, and are known to be safe and reliable.

BORDEAUX MIXTURE—Price of one gallon in condensed form making 50 gallons of spray by adding 49 gallons of water, \$1.00; 5 gallons, \$4.50.

ARSENATE OF LEAD—Use one to three pounds of Arsenate of Lead to 50 gallons of water or Bordeaux Mixture. Price, 1 lb., 30c; 5 lbs., \$1.00; 10 lbs., \$1.65; 50 lbs., \$7.00.

BORDEAUX LEAD ARSENATE MIXTURE—This is a fungicide and insecticide combined. Use one gallon of Bordeaux Lead Arsenate to 49 gallons of water. Price per gallon can, \$1.25; 5 gallons, \$5.50.

LIME-SULPHUR—Much used for San Jose scale and other scale insects. Price, one gallon making fifty gallons of spray by adding forty-nine gallons of water, 78c; five gallons, \$3.25. Price per barrel (50 gallons), \$10.00.

Send for our complete Spray Calendar telling when and how to Spray.

The Home Evaporator

For Home or Commercial Purposes

Thoroughly tested and approved. Latest, cheapest, best. Can be used on any stove, dries any fruit.

The price of this Drier is \$6. Our Special Reduced Price, only \$4.75.

A BARGAIN

If ordered at once, Green's Apple Parer, Corer and Slicer No. 1 with the Home Evaporator, all for \$5.50.

Send for circulars describing larger Evaporators, Parers, etc.

Sensible Fruit and Jelly Press

A well made and handsome Press for making cider, wines, jellies, syrups, etc.

Made with special reference to strength, and guaranteed against breakage under any fair usage. All iron and steel, stronger and better than the old wooden press. It has double curbs.

Price 4 quart curbs, weight 30 pounds \$3.50
Price 10 quart curbs, weight 40 pounds \$4.95

The Levin Tree and Grape Pruner

One of the strongest and easiest cutting pruning shears made. The Levin is the most practical pruner ever made.

Special prices, by mail, postpaid:

No. 23, medium size \$1.00
No. 24, large size, cut $\frac{3}{4}$ inch dry oak \$1.15

"Fruit Growers' Favorite" Pruning Saw

has a self-feeding draw cut blade with a thin back that will not pinch

or bind. It will cut limbs closer to the tree and will do three times the amount of work in a given time than any other saw. Much of the work is done while standing on the ground, the handles being from 6 to 8 feet long. It is very light weight and a great labor saver.

Price \$1.50

SPECIAL NOTICE—We are offering our patrons at reasonable prices some of the most practical power sprayers made for real service. Send for descriptive circular.

Green's Grafting Tool and Grafting Wax

Green's Grafting Wax in convenient pound and one-half pound packages.

Price half pound, postpaid 30c
Price pound package, postpaid 45c

Green's Grafting Tool, complete, made of forged steel. Price, postpaid 75c

The Niagara Fruit Ladder

A ladder made from the best selected white basswood, with tie rods at every other step. A model for strength, lightness and durability. It always stands and never rocks, no matter how uneven the ground may be. Price, 30 cents per foot. 6 ft., 8 ft., 10 ft. and 12 ft. always carried in stock.

Green's Apple Parer

No. 1 for Home Use

Pares, cores and slices the fruit, and then pushing off apple and core separately, is ready to repeat. This machine stands beyond the reach of all competitors. There is nothing about it to break or get out of order, while the wear is so slight as to make it almost everlasting. Can be used to pare without coring or slicing. Weight, packed, 3 lbs. Price No. 1, complete, only 95c

Standard Quart and Pint Berry Baskets

\$2.25 per 500; \$4.00 per 1000; \$3.75 per 1000 in lots of 3000 or more. Order at once before prices advance.

The Master Plant Setter

A Man with a Master's Plant Setter will set, water and fertilize 10,000 plants per day. No blanks—no stooping—no more lame backs.

Don't wait for showers, but keep the planter going every day, and by using water or liquid fertilizer you will produce the best stand of plants seen for many a day. For cabbage, tomatoes, tobacco, celery, etc. Weight packed, 7 lbs.

Price \$4.00 f. o. b. at Rochester, N. Y.

If wanted by Parcel Post add postage for 7 pounds.
